## WHO SHOULD ATTEND

The APT2015 in Seoul will offer the unique opportunity to learn about the latest findings and research from renowned specialists in Particle Technology as well as to exchange ideas and information with colleagues on the cutting trends. This symposium will be of great academic value and beneficial to the wide range of professionals, researchers and students engaged in particle related fields, such as particle preparation and design, industrial and engineering applications, analysis of particle behavior and performances, modeling and simulations, particle-fluid systems, particle characterization and monitoring, aerosols, powder metallurgy, mineral processing, particles for nanotechnology, biological and pharmaceutical particles, cements, paints and pigments, fertilizers and so on.

“ WE CORDIALLY  
INVITE YOU TO  
THE 6TH  
ASIAN  
PARTICLE  
TECHNOLOGY  
SYMPOSIUM  
IN SEOUL, KOREA ”

## WELCOME TO SEOUL, KOREA

As the capital and home to over 10 million residents, Seoul is one of the largest cities in the world. Renamed after independence in 1946, the word "Seoul" is derived from the Korean word meaning "Capital City". Seoul is roughly divided into northern and southern halves by the Hangang (River) and surrounded by vast mountains. This fast-paced and high tech city embraces both tradition and modernity, making it a very unique place to visit.

## VENUE OF APT2015, COEX

Coex is a business and cultural hub located in the heart of Gangnam; Seoul's business district. It is a popular entertainment destination for both domestic and foreign visitors, and welcomes an average of 150,000 people a day. Coex also provides the largest underground mall in Asia, three five-star hotels, two premier office towers, a department store, subway station, airport terminal, and more.
